|                       | 3 Each focus group has to produce its own T31 state of Art report.  |  |  |
|-----------------------|---|--|--|
|                       | FG leaders  |  |  |
|                       | <ul> <li>✓ F1: to be determined according to relevant potential applications in:         <ul> <li>After-mining care, photogrammetry</li> <li>Agro, vineyard</li> <li>Environment: air &amp; Water, forestry</li> <li>Civil engineering (building monitoring)</li> <li>Logistics , security</li> </ul> </li> </ul> |  |  |
|                       | ✓ F2: INNO8   |  |  |
|                       | ✓ F3: IZFP  |  |  |
|                       | ✓ F4: HENALLUX  |  |  |
|                       | 4 INNO8 will than gather the 4 reports.   |  |  |
| State of art template | A unique template has to be used by partner – to prepare INTERREG reporting A dedicated workgroup – to be determined – should work on the template! INNO8 will ask for working group contributors   |  |  |
| ULg                   | ULG proposed – as a 1 <sup>st</sup> contribution – that each partner publishes its own Profile sheet.<br>Profile template will be proposed on Weblog  |  |  |

**Next meeting**: see on Weblog
